SLASH CABBIES

SLASH

AGE: 25
 SEX: MALE
 HEIGHT: 5'9"
 WEIGHT: 152.3lb
 BLOOD TYPE: AB

Nihilistic, cool, and a tad bit insane, "Slash" is a hip guy in cool threads. Some say he's irresponsible, but ask anyone and they'll say Slash takes care of his bros. One might think Slash would always be surrounded by friends, but once you get to know him you'll soon learn that most people shy away. Why? Because Slash is a man with two faces. He can lose his temper over even the smallest matters. And once he does, there's absolutely no one that can stop him. Everyone around him becomes an enemy. Anyone who approaches him when he is angry must either be a brave soul or a complete idiot. Luckily, everyone knows that as long as you don't get on his nerves, Slash will do his job well. In fact, Slash's first class driving skills have garnered him a very loyal following. Why did he become a cabbie? No one dares ask. But if you were to ask around, everyone would say it was probably just a whim.

25

CABBIES**ICEMAN****ICEMAN**

AGE:28
 SEX:MALE
 HEIGHT:6'1"
 WEIGHT:183.2lb
 BLOOD TYPE:B

Cool looks and a hint of madness, "Iceman" is a cabbie with an attitude!

He does everything his own way, and never pays a compliment to anyone, even at work.

Whenever a customer compliments him, you can expect a brusque reply. For him, success is the only option and it isn't open for debate. If anyone criticizes him for his mistakes, he will stare at them and say, "You got a problem with what I'm doin'?" Nothing is impossible for Iceman. Even when he makes a mistake, he considers it a spontaneous happening.

Perhaps it was his destiny to become a cabbie. With his personality, there's bound to be problems, and because of this, no job has lasted long. But one day, while driving his car, he saw an old man hitchhiking. He let the old man aboard, and in his usual high speed, delivered him to his destination. The old man was so grateful, he gave him a huge tip. The next day, he painted his car yellow and the rest is history. Iceman drives his taxi just to get by, and spends peaceful days with his beloved dog, a boxer named "BB."

26

**CABBIES****CINNAMON****CINNAMON**

AGE:18
 SEX:FEMALE
 HEIGHT:5'5"
 WEIGHT:114.8lb
 BLOOD TYPE:C

Charming looks and incredibly cheerful, "Cinnamon" is a spunky girl with some serious driving skills. Think positively, that's her policy. The problem is that she often has trouble distinguishing between what is right and what is wrong. When trouble arises, she often forgets mistakes and lessons from the past. She is very forgetful, but with her earnest and caring attitude, and cheerful disposition, there is no one in this town who dislikes her. Everyone always wonders why she never learns; they end up giving her the same advice time and time again.

She loves life whenever she is being praised. Having the chance to meet and please so many people every day is the reason Cinnamon chose this career. Her driving skills and maneuvers always delight her passengers, but occasionally she pushes it a bit too far.

27

CABBIES**HOT-D****HOT-D**

AGE:78
 SEX:MALE
 HEIGHT:5'3"
 WEIGHT:106.0lb
 BLOOD TYPE:B

"Hot-D" is an old man who manages to be incredibly cheerful and physically youthful. He's a thrill-seeking cabbie who loves making money! At one time a wild and crazy stunt driver, Hot-D always wondered how he could make more green. Then, one day, while visiting the West Coast to film stunts for a big action movie, Hot-D was driving downtown when he saw a yellow blur streak past the road. It was a cabbie driving his taxi with skills that would impress even the best professional stunt driver. With his superior driving skills, Hot-D caught up with the blur and took a closer look. That is when it dawned on him that he should take his driving skills back East and make a ton of money. He immediately headed home, painted his favorite color, and concentrated on improving his social skills. He knew that delighting customers was the way to big bucks. Hot-D is well known for his superior skills and his customers are always impressed with his "driving" skills. Occasionally, this talent gets him into a bit of trouble when he becomes so engulfed in conversation that he forgets to drop his customers off. Luckily, his greatest skill is calming down angry customers. The theory is, if they're angry, they won't leave a tip. You know: it's all about the green.
